Dear Mr. Voss:

We have completed our review of your claim dated March 20, 2026 for non-delivery of one pallet consigned to Bellwether Marine Systems, Inc.

Our records show the shipment was delivered to the consignee at Dock 4 on February 24, 2026 at 14:47. The delivery receipt was signed and no exceptions were noted. Your claim for non-delivery is therefore declined.

On March 4, 2026 our driver collected one unlabeled pallet from the consignee at the consignee's request. That pallet is being held at our Richmond terminal as refused freight under storage number RS-2026-0412. Storage accrues at $35.00 per day beginning March 11, 2026. Please advise disposition. We will release the pallet to the shipper or to the consignee upon written instruction and payment of charges.

Sincerely,

Gary Lindqvist
Claims Manager
